The team comes from the technological perspective of Fortune 500 companies And an international perspective based on China and with a global perspective

Household Air Purifying Expert Accumulated Shipments of More Than One Million 720 Health An Important Smart Selection Partner of Huawei

Established in March, 2014, 720 Health (Beijing) iTech Co. Ltd. is a national and Zhongguancun dual high-tech company, a specialized and sophisticated company in Beijing, and a glaring star in the rapid rise of the health appliances and smart home industry. 720 has been awarded qualification certifications and honorary titles such as "Beijing Science and Technology Small and Medium-sized Enterprises", "2022 Top 100 Digital Economy Enterprises in Beijing", "2022 Outstanding Huawei Smart Selection Partner", and "2022 Top 10 Excellent Merchants in Huawei Mall". Since its establishment, 720 has been focusing on smart environmental health and providing products and solutions for smart environmental monitoring, air purification and sterilization, humidification and dehumidification, removal of pesticide residues, drinking water purification, as well as other health care fields.

Achieving a "safe, comfortable, energy-saving, and healthy" home environment through digitization and intelligence is the corporate mission of 720.

Product Certifications

2022 Won Huawei Smart Selection of Best Partner

2021 Won Huawei Mall "Excellent Operation Award"

2021 Won the title of "Enterprise Standard Forerunner"

2019 Won the "Smart Home Outstanding Solution Award"

2019 Won the "Best Industry Solution Award"

2018 Won the METIS Award: Smart Home Device.

2016 Won the Excellence Award of the 1st International Third Generation Semiconductor Innovation Competition

2016 Won the First Prize of the Social Group in the National Mobile Internet Innovation Competition

Company products

- Huawei Smart Selection of Ecological Products -

720 Full-effect Air Purifier 1i

350m³/h Particulate CADR
100m³/h Formaldehyde CADR
Applicable to 42m²

¥699

720 Smart Air Purifier 3i

400m³/h Particulate CADR
150m³/h Formaldehyde CADR
Applicable to 48m²

¥999

720 Full-effect Air Purifier S

400m³/h Particulate CADR
120m³/h Formaldehyde CADR
Applicable to 48m²

¥999

**720 Full-effect Air Purifier S Humidifying
Accessory**

400m³/h Particulate CADR
120m³/h Formaldehyde CADR
800ml/h humidifying capacity | mist-free evaporation

¥1299

720 Smart Air Purifier 3s

500m³/h Particulate CADR
300m³/h Formaldehyde CADR
Applicable to 60m²

¥1399

720 Full-effect Air Purifier 2

600m³/h Particulate CADR
300m³/h Formaldehyde CADR
Applicable to 72m²

¥1599

720 Smart Air Purifier 3

600m³/h Particulate CADR
400m³/h Formaldehyde CADR
Applicable to 72m²

¥2199

720 Full-effect Air Purifier 1Pro

800m³/h Particulate CADR
400m³/h Formaldehyde CADR
Applicable to 96m²

¥2299

**720 Smart Humidification and
Purification AIO 1S**

1200ml/h humidifying capacity
6L water tank | 400m³/h Particulate CADR
Applicable to 60m²

¥2299

720 Smart Air Purifier 3Pro

800m³/h Particulate CADR
500m³/h Formaldehyde CADR
Applicable to 96m²

¥2299

Company products

- HILINK Ecological Products -

720 Benchtop Water Purifying Dispenser

Imported RO membrane | Integrated filter element
Quintuplicate refined filtration | One filter element can
be used for one year | Original/waste partition | 5L water tank
3s quick heat | DUV sterilization and preservation
Dual TDS display | Smart self-cleaning

¥1899

720 Smart Multi-effect Deodorizer

Bathroom and pet space only
Super oxygen deodorization | Anion freshening
99.9% bacterial eliminating rate | Built-in fan for quick
deodorization
Two modes switch | Plug-and-play with 0 consumable
Ambient lighting | Light sensing control

¥299

720 refrigerator deodorizer

No consumables The function of a device is equivalent to
that of 100 activated charcoal bags
Super oxygen deodorization | 99.9 bacterial eliminating
rate
Anion preservation | About 25 days of battery life |
RoHS certification

¥218

720 Car Fragrance Sterilizer

NHC filing | PDP, superoxide, DUV, triple disinfection
Natural fragrance ingredients | Passed cosmetic safety
testing
Intelligent voice assistance | RoHS certification
High quality lithium battery

¥X99

- Household / Commercial Air Sterilizer -

720 DS-P400 Air Sterilizer | Household
720 DS-X400 Air Sterilizer | Commercial

>400m³/h Particulate CADR
>150m³/h Formaldehyde CADR
Applicable to 48m²
¥3999

720 DS-S800 Air Sterilizer

>800m³/h Particulate CADR | >400m³/h Formaldehyde CADR
>350m³/h Methylbenzene CADR | H13 filter element
Applicable to 96m²
¥9999

720 DS-X1000N Air Sterilizer

>1000m³/h Particulate CADR | >400m³/h Methylbenzene CADR
>350m³/h TVOC CADR | Applicable to 120m²
720 Air disinfection and purification system - Xuanwu 2000
¥12999

More compact, more powerful

720 Total Efficient Air Purifier 1i

Removal rate of H1N1 virus aerosol $\geq 99.99\%$ | 350 m³/h particulate CADR
100 m³/h formaldehyde CADR | H13 high-grade HEPA filter element

720 Smart Air Purifier 3i

Small and suitable for multiple scenarios | Sextuple total efficient with powerful purification | Extraordinary smart, saving worry and filter element

Flexible and exquisite, more than powerful

720 Total Efficient Air Purifier S

400 m³/h particulate CADR | 120 m³/h formaldehyde CADR | Deep UVC sterilization

Purifying rate of H1N1 virus aerosol $\geq 99.99\%$ | Negative ion freshness | Smart autonomous startup & shutdown

Humidification and purification, having it both ways

720 Total Efficient Air Purifier S Humidification and Purification Set

Mist-free humidification, pure and mild | Total efficient purification,
sterilization and formaldehyde-removing | Extraordinary smart, saving worry
and filter element

720 Smart Air Purifier 3s

Ultra Clean® octuple total efficient purification | PM2.5 & TVOC clear at a glance

Smart energy saving, saving labor and filter element

Full-scale upgrade, removing formaldehyde, odor, germs and haze

720 Total Efficient Air Purifier 2

Ultra Clean® total efficient purification | Powerful air duct upgrade, fast purification

99.99% removing germs and virus aerosol | Touch to open a new cleaning world
First Huawei smart selected air purifier to support HarmonyOS Connect

720 Smart Air Purifier 3

Nonuple purification, decomposition and formaldehyde-removing | Triple perception, formaldehyde digital display | Extraordinary smart, saving worry and filter element

Specialist for large space air purification

720 Total Efficient Air Purifier 1Pro

99.99% removing germs and virus aerosol | Suitable for large space of 96 m²

800 m³/h particulate CADR | 400 m³/h formaldehyde CADR | Smart autonomous startup & shutdown

720 Smart Air Purifier 3Pro

Medical grade large space | Active disinfection | Flagship purification

- New ID design, flagship and light luxury
- Pioneered UVC wide area disinfection array, active plasma, disinfection rate in 30 min. >99%
- The maximum gear is lower than 60 dB, ranking first in silent for flagship machine
- Five-digital display for formaldehyde, TVOC, PM2.5, allergen, temperature and humidity
- Formaldehyde 500 m³/h + particulate 800 m³/h+ 99.99% removal rate of virus and germs
- The 3rd generation smart autonomous startup & shutdown (formaldehyde + TVOC + PM2.5 + allergen)
- Intelligent voice navigation, new 5-inch TFT HD screen interaction

720 Humidification and Purification Integrated Machine 1s

Pure humidification and purification 2-in-1

- Spraying dynamic effect window, visible pure humidification
- 1,200 ml/H humidification amount + 6 L large water tank, 60 m² large space
- 400 m³/h particulate CADR + H13 HEPA filter element, negative ion freshness
- Real-time monitoring of indoor humidity, intelligent reminder for changing filter element
- Real-time monitoring of water level, intelligent reminder for changing filter element
- Minute-level humidification & purification data clear at a glance
- Self-scale inhibition material, significantly reducing the generation of scale

Faster deodorization | smaller size | longer endurance

720 Refrigerator Deodorizer (Smart Connection Edition)

Super oxygen deodorization | 99.9 sterilization rate | Negative ion preservation |
No consumables, one unit can be offset 100 activated carbon bags

Built-in fan, faster deodorization | About 30-day long endurance | HarmonyOS
Connect

Deodorization, sterilization and freshness, specifically designed for small spaces

720 Smart Multi-effect Deodorizer

Solving odor issues in bathrooms, pet spaces and storage rooms | Huawei AI Life App

Super oxygen deodorization | Negative ion freshness | 99.9% sterilization rate | Plug-and-play, 0 consumables

HarmonyOS Connect certification | Light induction control

More powerful germ-removing and formaldehyde-removing, price ratio benchmark of compact products

720 Total Efficient Air Purifier E420

Sterilizing rate >99.99% | Particulate CADR 400 m³/h | Formaldehyde CADR 200m³/h

Deep UVC | Negative ion freshness | HarmonyOS Connect

One integrated drinking purifier can replace various traditional water purification and drinking appliances

720 Table Integrated Drinking Purifier

Imported RO membrane | Integrated filter element | Free-installation and rapid heating

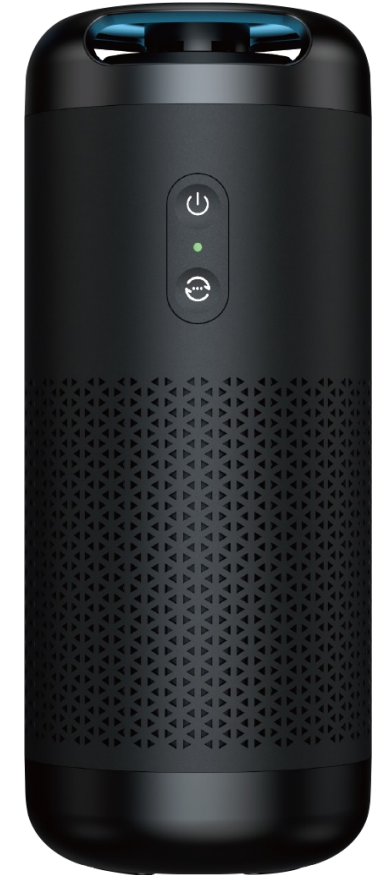

One filter element valid for one year | HarmonyOS Connect certification

720 Car Fragrance Sterilizer

Disinfection, deodorization and fragrance 3-in-1, open a new "cleaning" world in the car

- Recorded by National Health Commission
Aromatherapy diffuser, purifier ≠ air sterilizer, tested, certified and recorded by authoritative institutions
- Fast disinfection
Triple disinfection (plasma, super oxygen and deep UV), 3m³ car cabin in 15 min. >99% disinfection efficiency
- Natural fragrance
Natural raw material of fragrance, high quality EVA solid resin, passed security detection of cosmetics
- Humanity-vehicle co-existence mode
Enable plasma, deep UV purification and disinfection
- Off-vehicle mode
No car body vibration & no power supply for cigarette lighter for 5 minutes, enable 15 min. super oxygen deep cleaning automatically
- Intelligent voice assistance
Intelligent voice guidance available during startup, shutdown, and mode switching
- High quality material
One-time formed 6 series aviation aluminum alloy body + high quality ABS, micron-sized CNC truing, surface sandblasting + anodizing
- China-RoHS certification
Safety material, environment-friendly complete machine
- Protective Type-C interface
Place at will, with long term reliability
- High quality lithium battery
Reach the automotive-grade reliability standard, with storage temperature of 85°C for 12 h and operating temperature of 65°C for 12 h

Compact type, benchmark of disinfection

720 DS-P400 Household Air Sterilizer

Disinfection | Sterilization | Haze purification | Formaldehyde-removing |
Reviewed and recorded by Healthcare Commission | Ultra Clean® total efficient
disinfection and purification

>99.9% killing rate of coronavirus | >99.99% killing rate of influenza virus |
>99.99% comprehensive sterilization rate

Particulate CADR 400 m³/h | Formaldehyde CADR 150m³/h | 720 Intelligent Life
APP | Suitable for 48 m²

High-end flagship, total efficient disinfection

720 DS-S800 Household Air Sterilizer

Disinfection | Sterilization | Haze purification | Formaldehyde-removing |
Reviewed and recorded by Healthcare Commission | Ultra Clean® total efficient
disinfection and purification

>99.9% killing rate of coronavirus | >99.99% killing rate of influenza virus |
>99.99% comprehensive sterilization rate

Particulate CADR 800 m³/h | Formaldehyde CADR 400m³/h | 720 Intelligent Life
APP | Suitable for 96 m²
